

CHBE UNDERGRAD NEWS

On September 8, the Department of Chemical and Biological Engineering along with the Department of Environmental Engineering welcomed new second years and transfer students to the departments. First on the agenda for Imagine Day, the students visited the undergraduate laboratories and the graduate research labs. They found out what life at the CHBE building could be like for the next few years. Other activities of the day included a welcome message from the Department Head (Dr. Peter Englezos), the Undergraduate Council presentation, Welcome Back BBQ and scavenger hunt.

We also extended BBQ invitation to senior undergraduate students, graduate students, researchers, faculty and staff to welcome them back to another great year. Big thanks to the Department for their sponsorship! Delicious free food and drinks are always a great way to start the year. Most importantly, thank you to the volunteers! Without you, we would not be as awesome as we are.

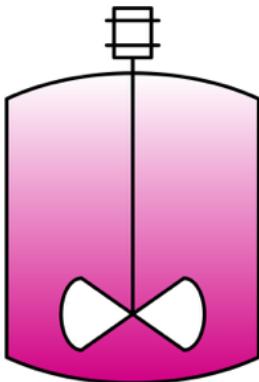

Imagine Day was great fun but it's only the start of this fantastic year. We hope to see more of you at the CHBE events throughout the year!

New faces in the Chemical and Biological Engineering Department

Meet the Council

You are part of the CHBE Undergrad Club! We are excited to bring you a bunch of events this year. Each month, we'll have a BBQ and a social. Each term, we'll have an industry night and two beef-and-pizza sessions. And once a year we bring all together for Mexichem! Come out, meet some classmates and fellow CHBE students, and have fun!

CHBE MIXER

Sign up to CHBE Mixer and you will be introduced to a group of 4 - 5 CHBE students from all years. The group participation at club held events will earn you points. At the end of each month, groups with the highest points will be awarded prizes (food, drinks, you name it!). Groups with most points at the end of the term will be declared the champion! - Registration has closed for this semester with 9 teams in the game. Keep an eye out for next semester registration!

NEW MERCHANDISE

\$15 T-shirt

\$25 Sweater

Get a hold of a council member to get one!

Upcoming in October

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY

25	26	27	28	29	30	31
1	2	3	4	5	6	7
BBQ + Social Night				Halloween		

Looking for a creative outlet other than sizing reactors? The CHBE Undergrad News collects and publishes submissions from CHBE undergrads looking for ways to express themselves other than Excel spreadsheets. So if you have a picture, a drawing, writing, or some combination of all three, contact the publicity officer via www.chbecouncil.com! We look forward to seeing your composition in an issue coming soon!
